City Rezoning Could Aid Student Housing Set-up

The City Planning commission Tuesday began consideration of a proposal to rezone a large area east of the college, which would increase the housing facilities available to students.

The area which may be opened up is bounded by Santa Clara St. on the north and San Carlos St. on the south and includes the streets from 11th to 17th. The committee voted to defer action on the suggestion in order to wait for calls for the rezoning to come in from property owners in the region.

Commissioner Frank Santana, who made the proposal, stated in the meeting that he has received several requests to change the area from its present "duplex construction" zone to one for "multiple family use."

During wartime conditions, the area was under emergency zoning and multiple families were allowed. However, the zoning ordinance was repealed Nov. 13, 1950, according to reports from the City Planning commission.

Wind and Rain Buffet Campus

Leaks in the old Technical High school building and the Home Economics building were attributed to rain and high winds that buffeted San Jose early this week, by Byron Bollinger, superintendent of construction.

Earnest Billwiller, official weatherman for this area, anticipated slight relief today and tomorrow with "scattered showers and decreasing winds."

Bollinger stated yesterday that eight leaks were discovered on the Technical High building and repaired. Another leak was discovered in the Home Economics building. Other campus damage included the uprooting of a small tree near the Music building.

Work on campus parking lots being resurfaced by the Dorsa Construction company were halted by the rain and Bollinger believed work will resume as soon as the weather settles down.

He reports that "no damage was done" to the four acre plot on the corner of San Fernando and 7th streets that was recently planted in grass. "It might even help it grow faster," he said.

UNITED PRESS ROUND-UP

Liquor Survey Shows Most Adolescents Drink

DES MOINES, Iowa, Feb. 17—At least 90 per cent of high school students in Nassau County, N.Y., drink alcoholic beverages and 79 per cent were having an "occasional" drink by the age of 14, Better Homes and Gardens said today.

The statistics were contained in a report on a survey by Dr. Matthew N. Chappell of Hofstra College, Long Island.

The survey showed that about 75 per cent of the teen-agers "took their first drinks" at home with parental consent.

Seventeen per cent said they began drinking "before the age of 11," the survey said. The magazine said that authorities believe the Nassau survey is applicable "to some extent" to the nation as a whole.

Chappell, a psychology profes-

Blank Ballots On Sophomore, Junior Officers

The positions of sophomore and junior class treasurer will be listed on the white ballot and open to write-in votes in Friday's elections, according to Stan Croonquist, chief justice of the Student Court.

Jo Vicks, sophomore candidate withdrew from the election race. Anyone wishing to conduct a write-in campaign for the position must adhere to all election rules, Croonquist said.

Candidates are reluctant about displaying posters because wind and rain are causing them to streak and fall, according to Croonquist.

The chief justice warned students to not deface or remove posters as such a violation is subject to punishment under ASB by-laws.

Students having questions concerning election rules may call the Student Court or Bill Tarr, prosecuting attorney.

Alpha Phi Omega, Spartan Shields and Spartan Spears will aid in operation of the polls.

Election results will be announced at the March of Dimes Dance Friday night, Croonquist said.

GE, KP Candidates Must File 'Data'

"It is imperative that General Elementary and Kindergarten Primary candidates whose names begin with A, B, C, D or E report to the Education office, Room 161, to fill out data sheets," said Mrs. Ann Fabrizio of the Education office today. Candidates are to come before 4 p.m. and the office will be open during the noon hour for their convenience, she announced.

'Live a Little' Thrills First Night Crowd

By BILL SHANDS

A near capacity opening night crowd left Morris Dailey auditorium last night humming snatches of the music and songs from the 23rd Revelries production, "Live a Little," directed by Jim Bernardi.

The student-written two act musical drew compliments from the crowd after hearing such songs as "Where Is Love," "Haven't We Met Before," "I Never Knew," and "Live a Little."

Staged with modernistic settings by Bob Mosely the music covered syncopated jazz melodies and sentimental love ballads aptly sung by Paul Thompson as Professor Al Bumen, the egg specialist; Dawn Rohrman as Diane Roberts, the professor's secretary; Dee Joyce as Crystal Kaye; and Joe LoBue as Benny.

"The cast did a superb job. Everyone was just great," stated Gene Sterling, musical director for the show. Other members of the cast drawing special compliments were Leslie Groat as Agnes Sara Simpson and Carolyn Miller as "Lil."

Jim Morris as the college dean, Ron Sherriffs as Proutie, John Aitken as the announcer and Norm Yiskis as Thornton Van Horne Flaggstaff were excellent in supporting roles.

"Live a Little" will be playing in the Morris Dailey through Saturday. Show starts at 8:15 p.m. Tonight is "Block Night" for fraternities and sororities and tomorrow and Saturday are open to the public. Tickets are 60 cents for students and 90 cents general admission.

Huge Slump in Part-time Jobs

The part-time employment situation for SJS students currently is in the worst slump in years and is down from 25 to 30 per cent over this same period last year.

This was announced yesterday by James Johnson, acting head of the Placement office, following a job survey.

The decline of full-time jobs for students, however, has not been nearly as great as that of part-time employment, which Johnson added, has fallen off sharply at other colleges throughout the state.

The drop in jobs at SJS seems to be part of a general statewide increase in unemployment. Donald Elvey of the San Jose office of the State Employment Bureau said that counties neighboring Santa Clara, like San Francisco, report 20 per cent increase in unemployment over last year.

Actually, the San Jose area, as far as work opportunities are concerned, is a "bright spot" in the state, Elvey said.

Another indication that the job situation is tight appears in the monthly report of the Federal Reserve bank on business conditions. The report shows a 2 per cent decrease in sales in San Jose department and apparel stores.

The employment situation will improve in coming months, however, Elvey believes. He said that while the situation is discouraging at the moment, job openings should be on the increase from now on.

Council Shells Out for COP Sandblasting Job

By BARBARA RICHARDSON

The Student Council yesterday afternoon voted to pay \$30 to the College of the Pacific for a sandblasting job done on the Stockton campus' new student union building.

ASB President John Aitken stated that COP had discovered pretty conclusive evidence to prove that the "SJS" splashed over the building before the recent removal job was the work of San Jose State College students.

PRESIDENT JOHN AITKEN
... "conclusive evidence"

As an example of the northern college's thorough detective work, Aitken said that other "SJS's" scattered over the campus had been attributed to local high school students.

Passage of the bill by the Council preceded the approval of the SJS-COP student relations pact which contains a provision for payment for damages done to either campus. While the articles of the pact do not apply to situations existing before its formation, Aitken explained that coverage of the present COP bill carries out the spirit of the pact.

The Council accepted a wordage change made in the pact by the COP Senate to clarify the responsibility of the schools in the event of defacement to either campus by the other.

Recommended to the Student Union Board for consideration was a proposal to remodel the ASB office. Aitken pointed out that the office is in poor condition and compares unfavorably with those of other nearby colleges.

The Council also formally recommended that the Board of Control lower the present working fund of the Revelries Board to \$1000. Approximately \$1700, now in the fund, is in excess of what the Board requires, the majority of Council members said.

The meeting was adjourned early so that the Council could be conducted on a tour of the McFadden Health Cottage. Activity pictures for La Torre were taken of the members during the tour.

Inter-Nation Aid Urged by Priestly

"How can we have peace when over half of the world's population is living in hunger, disease and squalor and can't even write their names," was the query directed to over 400 students by Dr. S. E. Gerard Priestley yesterday in the Music building concert hall.

Speaking on "The Challenge of the 20th Century" Priestley told the students that unless we extend the hand of love to the helpless of the world they will rise up in revolt.

Explaining that we could no longer disregard what was happening in other countries "because all nations are inter-related and inter-dependent" it was our duty to aid the helpless of the world.

"Nations must realize that we can never have peace and security without law and order," Priestley said, "America, in establishing the North Atlantic Treaty Organization, laid the cornerstone."

Priestley, born in England, held the audience's attention with his dramatic gestures and powerful voice.

Further emphasizing the "impact of America on the 20th century," Priestley said, "It is more than a privilege to be an American, it is a responsibility."

He supported the United Nations but admitted its faults, saying that "We are just beginning along the road to international law."

Priestley, who was educated in England and the United States, holds degrees in history, political science, economics and theology.

San Jose JC Expects Rise In Enrollment

"Our hope in expanding the San Jose Junior College is to avoid duplicating facilities of the state college whenever possible," Dr. Earle Crandall, superintendent of the San Jose Unified School District, stated yesterday.

His comment was made in announcing that enrollment at the junior college, located on the Technical High School campus, probably would exceed 1000 students next year, an increase of 400 over present enrollment.

Some duplication is necessary, he explained, due to the program being planned for students who will complete four years of college, and for others who will terminate their education after two years.

Passage of a school building bond issue last week by local voters provided funds for construction of 24 additional rooms and a new gymnasium at the college.

General classrooms and specialty rooms such as expanded science facilities are included in the construction program.

Proposed ceilings on state college enrollment are being watched closely, Dr. Crandall said, because of the greatly increased student load any such ceiling would place on the junior college.

A concentrated study of the junior college curriculum is being made currently with the needs and numbers of future students in mind.

Since leaving the San Jose State campus the junior college has been growing, Dr. Crandall said, while the technical high school has been relatively static.

Educators Invited To Invitation Day

Invitations have been issued to 25 junior college presidents and 30 high school principals to attend the second annual Invitation Day series Mar. 2 and 4, according to Dean of Students Joe H. West.

Purpose of the program is to provide an opportunity for the college administrators and representatives of the junior colleges and high schools to discuss problems arising from the transfer of students to San Jose State.

The Case of the Chewed Apple

Of all the things to come up before the Student Council yesterday, a half-chewed apple caused the most concern. ASB President John Aitken interrupted the class council with, "Meeting come to order! Can I have my apple back please!" Whereupon Carol Hotchkiss handed him back a chomped-on apple.

Sherry Nurenberg, sophomore representative, tried in vain to be heard above the skylarking that ensued as cigarette packages and matches were tossed back and forth.

"Any more of this and I'll take it before the Student Court," Aitken piped.

After a few unassorted guffaws, Hotchkiss and Art Lund slipped quietly out of the room. Several minutes later they returned with a sign. Holding it aloft for everyone to see, they snickered, "They're coming to get ya, John."

Painted on the sign was "Lunches and Beverages Prohibited on this Floor." All this time the Sophomore representative struggled through her weekly report.

That's how our student government is run.

Thrust and Parry

Misogynist's Prattle

Dear Thrust and Parry:

Which flight are you in?

We have read many Thrust and Parry columns in the last few weeks. During that time we have seen few if any articles written on the opposite sex, either pro or con.

What follows is not necessarily a set opinion, but rather it is based on results of observations of flocks of the aforementioned opposite sex. We say flocks because that is what we think they are after following a group of our SJS girls.

The most popular hairdo seems to be one in which as much hair as possible is removed. A girl with this style of hairdo looks like the north end of a duck which is flying south. Enough said.

By far and large the good qualities of our girls outweigh their weaknesses. The only weakness the girls have which we thoroughly approve is men.

Please, girls, take this as constructive criticism. Honestly, we love you, just as you are. In fact, we think you are just ducky.

Noel Coward One-Act Play Last for Lab

Last of the one-act plays, "Ways and Means," will be presented today and Friday in the Actor's Lab, according to Brad Curtis, director.

Admission is free and the show begins at 4:30 o'clock each afternoon.

Cast members are Connie MacLean, Stella Cartwright; Gerald Charlesbois, Toby Cartwright; Darwin Hageman, Lord Chapworth; Nancy Widdas, Olive Lloyd-Ransome; Gretchen Given, Princess Elena Krassiloff.

George Spelvin, Murdoch; Corinne Bowman, Nancy; and Gordon Kendrick, Stevens.

Action of the Noel Coward play takes place in the bedroom of the Lloyd-Ransome home, Villa Zephyre. The year is 1933.

Four Win Prizes

"Ghouls" howled Friday night at the Kappa Tau house, according to Dave Leslie, publicity chairman.

Members and their guests enjoyed the third annual Black and White Fantasy to the theme of "The Haunted House."

Everyone dressed in black and white. Prizes were awarded to Marv Schmidt and Juanie Green for the most original costumes by a couple. Don Pederson and Pat Collins won prizes for the best individual costumes.

The name caribou comes from the Indian names "Maccarib", "maccaribo" or "caribo." It is a close cousin to the reindeer.

FLABBERGASTED by his election as AWS's "Jack-of-Hearts," Sam Yates proudly accepts crown from Darlene Clayton, president of AWS. "Heart's Delight" dance was held at the Scottish Rite Temple Saturday night. —Photo by Pryor

Yates Crowned Jack of Hearts

Sam Yates, junior from Atherton, was crowned "Jack of Hearts" Saturday night at the annual AWS Heart's Delight dance.

He was chosen by a panel of judges composed of faculty chaperones and students.

Each year "Jack of Hearts" is chosen on the basis of personality and his appearance on the dance floor.

Yates presently is serving the Spartan Shields as student adviser and holds membership in Tau Delta Phi, honor fraternity, and Delta Upsilon, social fraternity.

SPARTAN DAILY 3

Matmen Edge Stanford, 18-16 Via Forfeits

San Jose State grapplers grabbed their sixth dual meet victory of the season last night as they edged past the Stanford Indians in the local gym, 18-16.

It was the second upset win of the year for the Spartans over the Redmen, and by the identical score. The first meet was held at Stanford on January 26.

Kay Toyota decided Stanford's Bob Fisher in the first match and SJS was given five points for a forfeit in the second. In the 137-lb. class, Bob Speer defeated the Spartans' Ron Stingley via decision and SJS's Pete Herder was outpointed by George Russell.

The Golden Raiders came back as Russ Utley fell Jim Hutchison of the visitors in a 157-pounder. The Indians' Ken James turned in the same fete over the locals' Chuck Hall before the deciding factor of the match was announced. The Palo Altans had no competition for Spartan champ Dick Francis, thus giving the Raiders five additional markers.

In the last event Carl Hullick of Stanford pinned Dick Fleegeer but it was not enough to offset the forfeit to Francis.

Gymnasts Tangle With WSC, Indians

San Jose gymnasts go into action tonight for the second time this year, facing Stanford and Washington State College in a three-way meet in the Stanford pavilion at 7:30 o'clock.

Ron Phillips, the Spartan entry in the all-around and the rope climb, will team up with veteran Bob Peavy, Jack Alberti, Art Crowner and Bill Bace to lead SJS hopes in Palo Alto.

The Indians were victorious over the locals, 55-17, in the only competition for Coach Hugh Mumby's performers.

Alberti will be entered in the free exercise, side horse, and tumbling events. Peavy and Bace will appear on the trampoline and Crowner on the horizontal bar.

RACQUET SQUAD MEETS

There will be a meeting of all varsity tennis players tomorrow at 2:30 p.m. at Dink Clark's Sport Shop at 6th and San Carlos Sts. Eligibility rules and schedules will be discussed.

Mumby Announces Novice Wrestling Scoring System

Point-scoring system for the sixth annual All-College Novice wrestling tourney was announced yesterday by Director Hugh Mumby.

Points for the three-day tourney will be awarded in the following manner: first place, five points; second place, three points; and third place, one point. Extra points will be given for falls in the semifinal and final matches, according to Mumby.

Deadline for entry blanks is 5 o'clock tomorrow. Matches begin Monday night at 7:30 and further competition will resume next Wednesday and Thursday.

Trophies will be presented to the outstanding wrestler of the tourney and to the captain of the winning team. Weight division winners will receive gold medals.

ASB No. 3213 Wins Today
Coffee & Donuts for Two
DIERKS
371 WEST SAN CARLOS

By GIL CHESTERTON

San Jose State's victory-crazed Spartans spanked College of Pacific 70-64, last night at Civic Memorial auditorium in Stockton before 1500 fans to take over third place in CBA standings.

The triumph broke a three-way deadlock between the Golden Raiders, St. Mary's and COP. The win gave the locals a 4-5 loop record and a 9-14 season mark.

Ex-Spartan Makes Boxing Debut Tonight

One of the top heavyweight boxers in Spartan history will make his professional debut in the Civic auditorium tonight.

Jack Scheberies, varsity mifman in 1949-50-51, and National AAU champ in 1952, will face Billy

JACK SCHEBERIES

McClure of Los Angeles in a six-round semi-final bout. The main attraction brings together Chebo Hernandez, middleweight champion of Mexico, and Dick Findley of Southern California.

Scheberies' pro debut will not be an easy assignment. McClure has appeared in San Jose twice previously, both times against Pat Valentino. Valentino took both decisions, but was floored five times in the course of winning.

Scheberies, Pacific Coast Intercollegiate king in '51 and '52, gained the finals in both NCAA and Olympic trials.

In the Olympic affair Scheberies stopped Norvel Lee who went on to become the outstanding boxer of the Olympics over the Spartans' Chuck Adkins.

Bouts will start at 8:45 tonight with student prices set at 90 cents.

In last night's victory, San Jose's fourth straight league winning effort, it was a team effort with the Spartan scoring well distributed among the players. Carroll Williams, Sparta's active little captain, led the Golden Raiders with 18 points.

Bud Hjelm, fouling out midway through the fourth period, collected 17 while Don Fausset played his best game in sinking 16, with 14 coming in the first half.

The remainder of the San Jose scoring came from Tor Hansen and Bob Bondanza with 7 each. Bob Steinbach tallying 4 and George King 1.

The game developed into a battle of free throws with each team cashing in with 24 points on charity tosses, not to mention the ones missed. As it was, Steinbach fouled out in the first few minutes of the second period. Hjelm, after being benched most of the fourth, got in in time to commit his fifth personal, and Williams, with 30 seconds left in the game, was flagged down.

San Jose rebounded from a 37-34 halftime deficit to forge ahead at the third quarter mark 53-50. From here the Spartan accuracy from the free throw line helped them to their fifth victory in six starts as they garnered 13 of their 17 fourth quarter points on charity shots. State made only two field goals and COP three in the wild fourth.

It was Hjelm's twisting jump shots that spurred the Spartan third tanza comeback. The 6 ft. 6 in. forward ran wild, scoring 9 points in the third after being held to 8 in the first half.

With Fausset in the driver's seat San Jose moved out front 20-16 in the first quarter. A see-saw second quarter saw the lead change hands seven times before College of Pacific put on a spurt in the closing minute to pull ahead by three points, 37-34.

College of Pacific's frosh team dumped San Jose's yearlings, 76-53, behind the strength of their star, John Thomas, who tanked 38 points for a new CBA freshman scoring record.

Swimmers Sink YMCA

Sparta's Dick Miller set a new State college record in the backstroke event last night as San Jose's natators defeated the San Francisco YMCA, 72-12, in the Spartan pool.

Miller swam the 200-yard distance in 2:29.3 to erase the old record set by Dick Lebedeff on March 15, 1951. Lebedeff's mark was 2:31.5.

The Spartan pool record still stands at 2:12.6 for the 200-yard event.

Coach Charlie Walker's aqualetes captured all except one of the events in the meet to register their second win of the year.

Other leaders for the mermen were Bill Bace who collected 232 points in the diving event while performing almost faultlessly. Captain Chet Keil who won the 50-yard dash, and Tom Haine, winner of the 220-yard race.

Crane, Chrisco Lead JV, Frosh Hoop Scorers

Tom Crane leads the junior varsity basketball scoring and Bob Chrisco the frosh team, according to statistics released this week by Danny Hill, athletic news director.

Crane sports an 8.9 mark, tallying 98 points in 11 games. He is followed closely by Charley Juhl with 91 points in 11 games and an 8.3 mark and Bill Lamson who has 88 points and an average of eight.

Chrisco has registered 80 points in his seven frosh starts for an 11.4 average. Roger Smith is hot on his heels with an 11.3 mark, scoring 79 points in his seven games.

Ringmen To Face Bengals Saturday

The national boxing champions of Idaho State will be the next stiff test for Coach Julie Menendez and his highly-rated Spartans. The Golden Raiders face the Bengals Saturday night in Pocatello, Idaho, in a dual meet which figures to be their toughest road assignment of the year.

Idaho State battled to a draw last week with the always dangerous Michigan State Spartans, and two weeks ago they were edged by Washington State ringmen by one point. The amazing part in these fine showings for Idaho State was the fact that they had to forfeit the middleweight and light-heavyweight divisions.

SJS mittmen are riding on a crest of five convincing victories and should they get over Idaho State, the 1953 NCAA champions, Saturday night, they may go on to be ranked along with other great San Jose ring squads.

Last week the Menendezmen felled the WSC cougars of Ike Deeter, 5 1/2-2 1/2, in a terrific slugging match in Spartan gym. This triumph gave the Spartans their 46th straight dual meet without a loss in the local gym. They were tied once during this streak by Michigan State in 1952.

The Bengals will have to forfeit the 165-pound and 178-pound divisions to San Jose, but they boast power in all other positions. There will be two bouts in the 132-pound class. Leading the Bengals will be Vic Kobe, NCAA 119-lb. champ, and Mike McMurtly, heavyweight NCAA finalist in 1952.

Raider Ski Team Leaves for UCLA

Spartan skiers will leave this afternoon for the first annual UCLA Invitational Ski Meet to be held at Snow Valley, tomorrow, Saturday and Sunday.

Entered in the UCLA gathering are such squads as Nevada, last week's winner, Cal and Stanford.

The Spartans' traveling squad probably will include Ken Kaneda, Doug Fox, Don Thibodo, Allen Hansen and Ted Engelbrecht or Jon Lowe.

The affair was originally scheduled for Feb. 6 and 7.

"FLASH" BROWN'S TWO-HEADED BROTHER

A certain Sophomore named Brown acquired the appellation "Flash," not because he was lightning on the gridiron, but just because he was never without an answer.

You'd pass him on the quadrangle and say "How's it goin', Flash?" He'd answer, "Air Express." Get the pitch?

Brown often referred to his "two-headed brother" in conversations. One day a few men in his fraternity were needing him.

"Your brother's two heads must present quite a few problems."

"Not really. The only problem was his neatness," said Flash.

"Neatness?" "Yes," answered Flash, "he worried about it. Said he couldn't find a shirt that didn't wrinkle around the collar. You see, he was often looking in two directions at once, or eating and talking on the telephone. Hard on a collar."

"What did you do?" They knew he did something about it.

"Simple. I got him the Van Heusen Century shirt with the exclusive soft collar that won't wrinkle ever! I got him different collar styles and colors. \$3.95 for the white, \$4.95 for the colors and superfine whites. You should have seen the grins on his faces when he saw how those collars stayed neat all day and night without starch or stays."

"I guess he can really hold his heads up now," said one.

"Yep. He figures he gets four times more wear from Century than from other shirts. Of course, he actually only gets twice the wear. He just figures it both heads."

One of the men visited Brown at Christmas, and found it was all true.

Office Seekers Express Objectives, Experiences

JIM E. POWELL

Junior vice president
Jim E. Powell, 24, is basing his campaign for the office of vice president of the Junior class on the promise to attempt to stimulate more interest in student government if elected.

"Many students lack interest in student government. I will try to stimulate this lack of interest while fulfilling the office of Junior class vice president," he stated.

Powell, a transfer student, is a psychology major.

CHECK BUCARIA

Junior Justice
Chuck Bucaria, junior business administration major and candidate for junior justice of the Student Court, says in view of his campaign:

"I am interested in the Student Court and I am interested in its important function in student government."

Bucaria is a pledge of Alpha Phi Omega service fraternity, and has been active on the Revelries board, Junior class council and the Social Affairs committee.

He was graduated from Los Gatos High School and resides in Saratoga.

GARY CLARKE

Freshman Representative
Gary Clarke, 18-year-old freshman from Mountain View, says that he wants to serve his class as freshman representative to the Student Council for a half-year term.

Clarke, a pre-legal major, feels that such an office is "right in his line." He is a sub-district officer for his church group and is a member of Alpha Phi Omega.

MAX D. PHILLIPS

Junior President
Seeking the office of president of the Junior class is Max D. Phillips, 24, a transfer student from Grant Technical Junior College.

Phillips states his belief that if new activities were initiated for the Junior class there would be more student participation in class affairs.

"A class is only as good as the students in it," he said. "If there were new activities we might have more participation."

Phillips listed as previous governmental experience his term in high school as vice president of the student body.

JOAN UHLRICH

Junior Representative
Former student body secretary and AWS president of San Mateo Junior College Joan Ulrich is a candidate for Junior class representative on the Student Council. Joan has been active in AWS, CS-TA and the Junior class council since her enrollment here in September. She recently replaced an outgoing member on the Student Council. Joan states that she wishes to work for "closer coordination between the two councils."

PAUL SAKAMOTO

Junior President
Stating that he will continue his efforts toward making the 1954 Junior Prom an outstanding success, Paul Sakamoto, 20, announced his intentions of seeking reelection as Junior class president. He stated that he will, if re-elected, attempt to activate the

class finance committee, which is responsible for all money-making projects. At the present time, he stated, this committee is not functioning to capacity.

"I also would like to help stimulate more interest in the class as a whole," he said.

A graduate of Campbell High School, Sakamoto has held the following campus offices: president of Spartan Shields, treasurer of the Sophomore class, secretary of Blue Key society, assistant to the director of Freshman Camp, and student chairman of public relations.

JOEL SAFFRON

Freshman Representative
Freshman Joel Saffron, candidate for one-year term as Freshman class representative, states his qualifications and intentions in seeking office.

"From my knowledge of student government and the importance of class representation in council affairs, I feel qualified to meet the challenge of that office and seek this responsible position for my class," Saffron said.

Saffron is an active member of the Frosh council and A Phi O service fraternity. He is a graduate of Chaffey High School, Ontario. In high school he was active in student government, served on the Student Council and worked on the school paper.

Engineering Dept. Plans Dedication Rite

One-half million dollars of laboratory equipment will be on display and in operation in an extensive lab program after dedication ceremonies of the Engineering building, Feb. 25.

The laboratory display, under Professor of Engineering S. Brooks Walton, will follow the ceremony in the lecture hall of the million dollar structure next Thursday.

Ed C. Glover, associate professor of engineering, will head the demonstration in the electrical and electronics laboratories. Students from Engineering 141, Electric Circuits and Machines, will be at work on four experiments.

Demonstrations in the communications laboratory will be under Harry Engwicht, associate professor of electronics. A display of various types of equipment, such as wave analyzers and resistors, is scheduled.

Lab classes will be going on in the production processes and the mechanical power laboratories during the demonstration period. The production processes lab, under the direction of Carl F. Kaiser, assistant professor of engineering, will be running four machines.

George S. Emmerson will be in charge of the display in the mechanical power laboratory. The experiments will include an oil test and several others.

Metallurgy laboratory students will operate foundry equipment and will melt and pour aluminum. James H. Anderson, associate professor of engineering, said.

Laboratory demonstrations in dynamic and static loading of materials of construction using newly acquired testing equipment, such as the new 200,000 lb. Tinius Olsen testing machine, will be the feature of the materials laboratory under the direction of Jorge Barriga.

Nature School Group To Meet Tonight in S112

A meeting of all persons attending the West Coast Nature School is to be held tonight at 7:30 o'clock in Room S112, according to Dr. Gertrude Cavins.

Food and room costs amounting to \$16 must be paid at this meeting, Dr. Cavins said. All necessary information and instructions are to be given at this one and only meeting.

Students finding it impossible to attend must contact Byron Bollinger before the meeting, Dr. Cavins said.

Dance Launches Polio Fund Drive Here on Friday Night

The freshman class will lead the polio fund drive on campus today as tickets go out for the "March of Dimes" benefit dance, to be held Friday night in the Women's gym at 10 p.m. The dance will follow the Santa Clara game and Revelries, Ben Zieterman, chairman, announced yesterday.

Upper and lower division students will vie for top contributions. A balanced scale of two containers labeled "upper" and "lower" will teeter as the tickets go

out, according to Kathi Fraser, publicity chairman.

A minimum of 25 cents is requested for tickets to the dance, however. All contributions will be accepted to help fill the respective pots.

OT's Meet Tonight

The Occupational Therapy club will hold its meeting tonight in B72 at 7:30 o'clock, according to Dorothy Shinagawa, social chairman. Senior Occupational Therapy majors will discuss Senior laboratory, she said.
